10 February 2012

Dear Parents and Carers,

I am very pleased to send you the two reports from the school's recent inspections, one carried out by an inspector employed by Ofsted, the other by an inspector engaged in Statutory Inspections of Anglican Schools and concerned with the faith dimensions of the school's work.

You will see that all major aspects of the school's work are graded as 'Good'. I am sure you would like to join me in congratulating Holly Huset and all the staff for all the effort which produced such good reports.

With your sustained support I believe the school can continue to go on from strength to strength in the quality of the education it provides for its pupils and I look forward to working with you.

Regards,

*Stuart Ingleson*
