Annual Report to Parents on Special Educational Needs and Disability: 2016

Schools have a duty to report to parents on the provision for Special Educational Needs and Disability within the school. Children with special educational needs have learning difficulties or disabilities that make it harder for them to learn than most children of the same age. These children may need provision that is extra or different to that given to their peers.

The new 2014 Special Educational Needs Code of Practice forms the basis for the school's SEND Policy and sets out the processes and procedures that are statutory for schools to follow in order to meet the needs of children.

Policy

The SEND Policy was updated in the Autumn term 2015. It is available to read on the school's website and will be reviewed in the next academic year, 2016-17.
